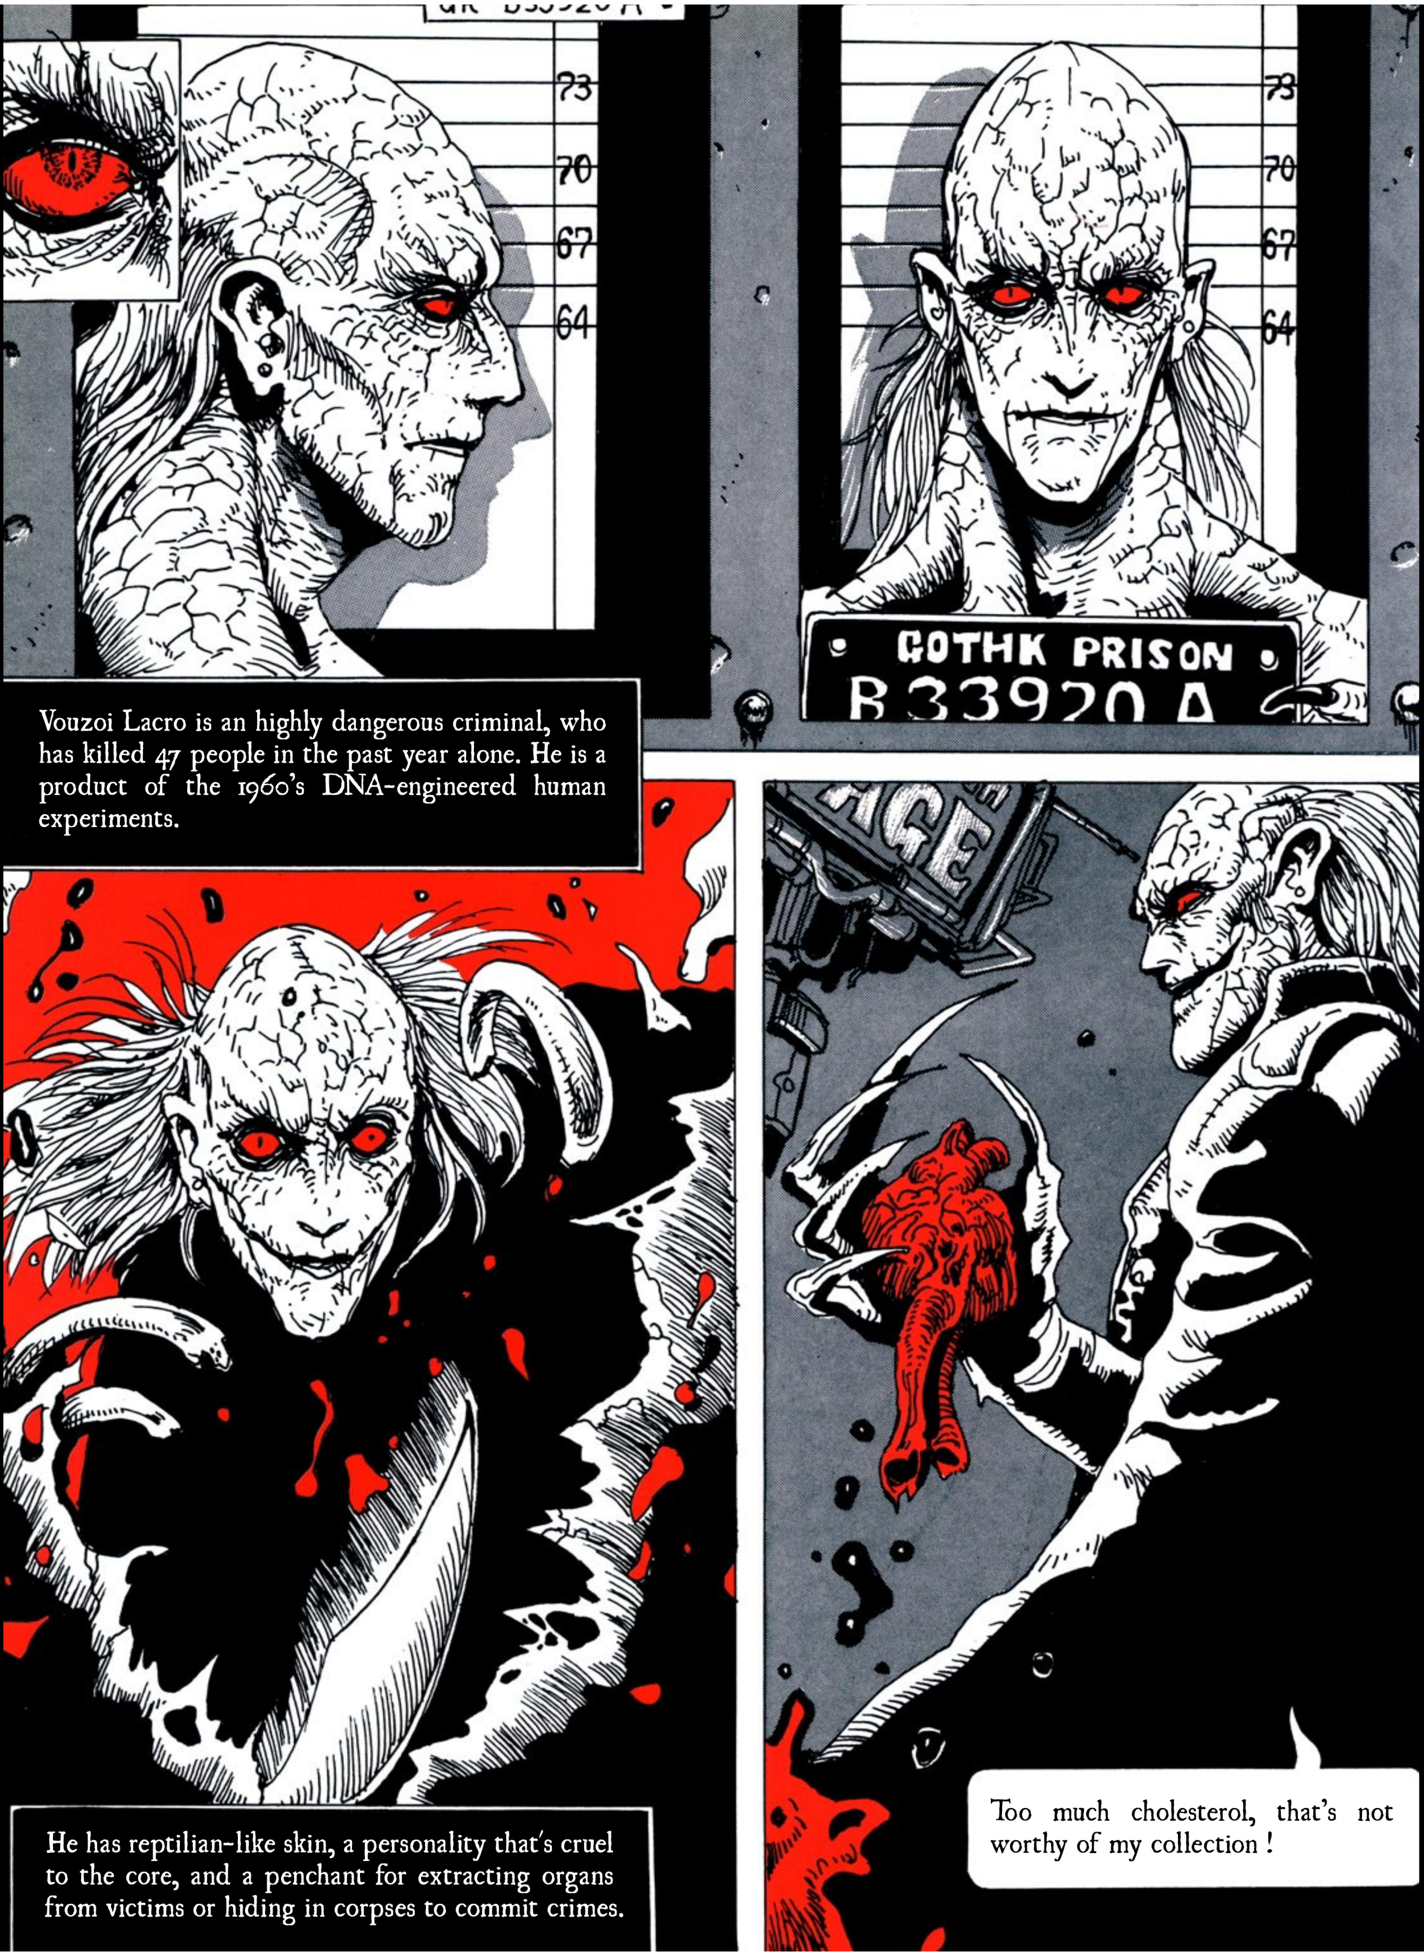
SKULL GENERATION

What a stylish mask you have there !
Why hasn't such a heinous criminal been 'dealt with' by SODO until now? Was it because they killed their enemies before they could bear a grudge against them...? However, now that he has killed his own flesh and blood, it seems he has finally caught SODO's attention. Moreover...
Lacro...
I've been waiting for this moment !!
You haven't forgotten, have you...?



GOTHK PRISON
B33920 A
Vouzoi Lacro is an highly dangerous criminal, who has killed 47 people in the past year alone. He is a product of the 1960's DNA-engineered human experiments.
He has reptilian-like skin, a personality that's cruel to the core, and a penchant for extracting organs from victims or hiding in corpses to commit crimes.
Too much cholesterol, that's not worthy of my collection !

Wait, Coffin... that one is our prey...
They, who sense grudges in this world and appear to devour death, have an organization of sorts. In cases like this one, 'batting' (=appearing to sense grudges in the same time and space), there is a law that dictates passing on the job to those of the previous generation.
We are the 70th generation...
By law, you must leave him to us...
Stann! 'Batting' is it!?

It appears to be quite painful...
Certainly, my mark..
HA HA
You killed my beloved kera... and it was you, Lacro, who took away my world and my life !!
We are SODO, and you...
Gah...hah...

SHA
GIN!

Dealing with your own grudges is not permitted...
You can't have him...
'Fresutafu' (=to stop time in this world)... What do you intend to do, Coffin !!
DAKU

Oh-ho! Excellent !
When 'SODO' fight amongst themselves, magical abilities become almost entirely ineffective...
Therefore, it becomes a physical combat and require a certain level of armament.
